The TI User Group is for educators interested in sharing information about TI technology use in their classrooms or schools and learning from other educators' thoughts, ideas, approaches, and experiences. This group is intended to provide educators with:

- Opportunities for sharing with individuals in the same geographic area;
- Support for those new to teaching and/or new to TI technology;
- A forum to discuss important issues and challenges;
- A way to stay up-to-date with the latest information on TI technology;
- Opportunities to get to know T<sup>3</sup> Instructors in the area and learn about available professional development.

**Facilitated by:**

Dana Morse - TI Educational Technology Consultant
